TEMPORARY LOCATION CHANGE FOR JULY!

Dear Parents, please be aware that for the month of July all our camps and classes will be taking place inside the indoor field house next to the gym. We will be transforming the field house into a spectacular and safe gymnastics facility with all the equipment we normally have in the gym. We are confident all our athletes will have the same experience inside our temporary facility as they do in our permanent facility! Our office will remain in the same location and we will be able to direct you to our temporary location upon your arrival. During this time our gym will be undergoing renovations to install a new LED lighting system. We thank you for your cooperation and are excited for a great summer as always!
