How to Read Your Child's Report Card!

As the end of term approaches, many of our recreational athletes are beginning to anticipate their report card for the Fall 2016 term. Throughout the term, coaches have been assessing each athlete's ability to perform various skills that correspond with a Gymnastics Mississauga skill level. On the report card you will see your child's level they have been working on throughout the term along with a list of all the skills that are specific to that particular level. If you have any questions regarding your child's report card you are welcome to speak to your child's coach or recreational supervisor for further explanation!

Winter Season Means Flu & Cold Season

...

'Tis the season for coughs and sneezing. Remember to practice good hygiene by washing your hands as often as possible. There are no makeup classes for missed classes throughout the term so do your part to stay healthy! However, if you do get sick please refrain from coming to class until you are well. Let's all do our part to stop the spread of germs!
